Please select Next.

10.

Please select “Next”

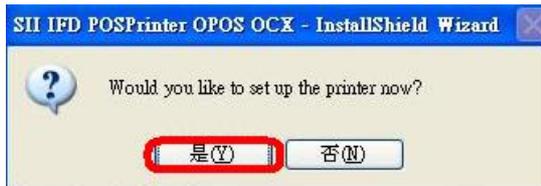

11.

Please select “Install”.

12. Please select “Yes”

13. Please select A “Add” and then select B “OK”.

The image shows a screenshot of a software dialog box titled "Setup Tool". The dialog is divided into several sections. The top section, labeled "Common", contains a "DeviceName" dropdown menu set to "IFD00x". Below this are four radio button options: "IFD00x" (selected), "IFD50x", "PTD00", and "PTD50". A red box labeled "A" highlights the "Add" button, and another red box labeled "B" highlights the "OK" button at the bottom of the dialog. The "Remove" button is also visible. Below the "Common" section are tabs for "SettingDriver", "Sensor", "Presenter", and "Drawer". The "SettingDriver" tab is active, showing fields for "SendTimeout(ms)" (10000), "ReceiveTimeout(ms)" (5000), and "DataRegistrationTimeout(ms)" (30000). There is also a "PrinterDriver" dropdown set to "SII IFD00x (2inch)" and a "SW DIP" button. At the bottom, there is a checkbox for "Change LogicalDeviceName" and a "LogicalDeviceName" dropdown set to "IFD00x".
