	Welcome to the Add Printer Wizard This wizard helps you install a printer or make printer connections. If you have a Plug and Play printer that connects through a USB port (or any other hot pluggable
	 port, such as IEEE 1394, infrared, and so on), you do not need to use this wizard. Click Cancel to close the wizard, and then plug the printer's cable into your computer or point the printer toward your computer's infrared port, and turn the printer on. Windows will automatically install the printer for you. To continue, click Next.
